Murray Hill 9-7288 and 9-7289

February 2, 1956

FOR IMMEDIATE RELEASE

"THE BRAIN", a program of restricted medical and psychiatric films dealing with the functions and malfunctions of the brain will be shown by Cinema 16 on Wednesday, February 8th, 7:15 and 9:30 PM, at the Central Needle Trades Auditorium, 225 West 24th Street.

The program consists of AN INTRODUCTION TO APHASIA, a moving document portraying the therapy, psychological testing and treatment of aphasiacs; SEIZURE, first film to deal with the social and medical problems of epileptics; FOLIE A DEUX, winner of First Prize in the Mental Hygiene Category at the Venice International Film Festival, a film record of two patients suffering from this psychosis; and a unique and unrehearsed portrayal of "the subconscious at work", Dr. Lester Beck's UNCONSCIOUS MOTIVATION, recording the artificial inducement of a neurosis under hypnosis and its subsequent removal by analysis and dream interpretation.
